Pogo Pin Charging

Protect the charge port and increase efficiency by utilizing the device's pogo pad docking contacts—simply dock the Honeywell CT40, CT45, CT47 to keep the device charged and connected to supported USB Type-A peripherals. All powered RAM® docks come equipped with pogo pin technology to enable a seamless docking experience.

Heated Pogo Pins

Heating elements provide the necessary heat required to prevent pogo pins from locking up in cold temperatures.

Form-Fit Docking

This RAM® holder is spring-loaded, making it easy for one-handed docking and removal. Each dock comes with optional press-in inserts to enable docking of the Honeywell CT40, CT45, CT47 without the OEM boot.

Mount It

With RAM® Compatibility™, customize your mount specific to your environment. Choose from thousands of mounting options to achieve the optimal workflow with your Honeywell CT40, CT45, CT47 device.
